

FINANCE COMMITTEE MEETING

Tom Lando and Chris Norden

Thursday, February 22, 2024 – 3:30 P.M. If you need an accommodation to participate in this meeting, please call (530) 895-4711 Agenda posted prior to 4:00 PM Monday, February 19, 2024

<u>A G E N D A</u>

A. Call to Order

B. Public Comments

Members of the public may address the Committee at this time on any matter not already listed on the Agenda, with comments being limited to three minutes. The Committee cannot take any action at this meeting on requests made under this section of the agenda.

C. <u>Monthly Financial Report for December and January 2023</u> (Staff Report FI-24-005) The Committee will review and recommend to the Board of Directors approval of the Monthly Financial Reports.

D. Fiscal Year 2022-2023 Audit (Staff Report FI-24-006)

The Committee will review and recommend to the Board of Directors the acceptance of the audit report for FY 2022-2023.

E. <u>Neighborhood Parks Levy Administration</u> (Staff Report FI-24-007 and Resolution 24-004) The Committee will review and recommend to the Board of Directors Resolution 24-004. This Resolution directs SCI Consulting Group to prepare the Engineer's Report for the Landscape and Lighting Assessment Districts. This is the first step in a three-step process in levying the annual assessments for fiscal year 2024-25.

F. Aquatic Design Scope (Staff Report FI-24-008)

District staff will provide an update on the Aquatics project and discuss the scope of the design contract.

G. <u>Change Order for Tyler Technology Implementation</u> (Staff Report FI-24-009) District Staff are requesting additional hours for the Tyler Technology software implementation.

H. Director Comments

Opportunity for the Committee to comment on items not listed on the agenda.

I. <u>Adjournment</u>

Adjourn to the next scheduled Finance Committee Meeting.

Finance Committee STAFF REPORT

DATE:February 22, 2024TO:Board of DirectorsFROM:Angie CarpenterSUBJECT:December Monthly Financials

ANALYSIS

Highlights of the December financial reports:

- The majority of property tax proceeds were collected in December, increasing the District's Cash balance ~\$6.3M.
- Investment income, on page 8, continues to be better than expected due to the performance of the investment in CA Class. The average yield dipped to 5.45% over the past month.
- Revenue overall is 73% for the year, as noted on page 9. Aquatics and Other Income are trending below the 50% mark due to the winter season and will begin to trend up in the spring.
- On page 10, Worker's Compensation expenses are higher than projected.
- Operating expenses are 57% of the budget (page 11); some of the expenses will be included in January's financials report due to the timing of the software implementation. Annual expenses paid in full and planned purchases of computers and equipment are inflating the YTD percentage.
 - Equipment contains \$28,700 for lighting and sound equipment for the Ice Rink that will be reimbursed.
 - Contract services contain ~\$150K of contract instructor payments. The income offsets are in Camps and Classes.
 - Transportation is higher than budgeted. However, the income offsets are similar to Contract Services.
 - Water and Electricity expenses have decreased for the winter months, while Gas will start to trend high during the same period.
 - Sewer expenses are billed quarterly and will be reflected in the January report.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of the Chico Area Recreation and Park District Chico, California

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the business-type activities of the Chico Area Recreation and Park District (the "District") as of and for the year ended June 30, 2023 and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of business-type activities of Chico Area Recreation and Park District, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Districts's

ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, as listed in the table of contents, be presented to supplement

Certified Public Accountants

the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements. These schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. This information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our report dated January 24, 2024 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

C&A UP

January 24, 2024 Morgan Hill, California

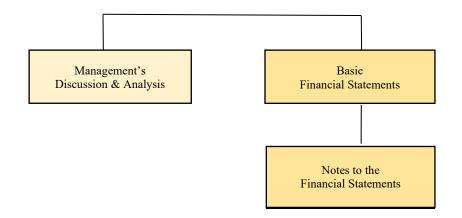

MANAGEMENT'S DISCUSSION AND ANALYSIS

INTRODUCTION

The Management's Discussion and Analysis (MD&A) is a required section of the District's annual financial report, as shown in the overview below. The purpose of the MD&A is to present a discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2023. This report will (1) focus on significant financial issues, (2) provide an overview of the District's financial activity, (3) identify changes in the District's financial position, (4) identify any individual issues or concerns, and (5) provide descriptions of significant asset and liability activity.

This information, presented in conjunction with the Basic Financial Statements, is intended to provide a comprehensive understanding of the District's operations and financial standing.

Required Components of the Annual Financial Report

FISCAL YEAR 2023 FINANCIAL HIGHLIGHTS

- Total net position increased by \$6,942,378 from the last fiscal year.
- The District's assets exceeded its liabilities by \$45,182,094, excluding deferred inflows and outflows of resources. Assets and deferred outflows of resources totaled \$52,319,410 and liabilities and deferred inflows of resources were \$4,773,101.
- Net position consisted of \$28,329,215 classified as net investment in capital assets; \$11,862,099 as restricted; and \$7,354,995 as unrestricted net position.
- Total revenues were \$18,352,825 which consisted of operating revenues totaling \$11,941,106 and nonoperating revenues totaling \$6,411,719.
- Total District operating expenses were \$11,410,447.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report includes the Management's discussion and analysis report, the independent auditor's report and the basic financial statements of the District. The financial statements also include notes that explain the information in the financial statements in more detail.

THE BASIC FINANCIAL STATEMENTS

The Financial Statements of the District report information about the District's accounting methods similar to those used by private sector companies. These statements offer short-term and long-term financial information about its activities. The Statement of Fund Net Position includes all of the District's assets and liabilities and provides information about the nature and amounts of investments in resources (assets) and obligations to creditors (liabilities).

All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses and Changes in Fund Net Position. This statement reflects the result of the District's operations over the past year as well as non-operating revenues and expenses.

The final required Financial Statement is the Statement of Cash Flows. The primary purpose of this statement is to provide information about the District's cash receipts and cash payments during the reporting period. The statement reports cash receipts, cash payments, and net changes in cash resulting from operational, capital and investing activities. It also provides answers to questions such as where did cash come from, what was cash used for, and what was the change in cash balance during the reporting period.

NOTES TO THE FINANCIAL STATEMENTS

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found immediately following the fund financial statements.

REQUIRED SUPPLEMENTARY INFORMATION

Required supplementary information, other than the MD&A, follows the Notes and includes pension schedules and other postemployment benefit schedules.

SUPPLEMENTARY INFORMATION

Combining and individual fund statements are included to provide additional information of the proprietary funds that constitute the District's basic financial statements.

FINANCIAL ANALYSIS OF THE DISTRICT

One of the most important questions asked about the District's finances is "Is the District better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position report information about the District's activities in a way that will help answer this question. These two statements report the net position of the District and changes in them. The difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources (net position) is one way to measure financial health or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. However, you will need to consider other non-financial factors such as changes in economic conditions, population growth, and new or changed government legislation.

NET POSITION

]	Table 1 - Net Po	ositio	n			
		2023 2022		Dollar Change		Percent Change	
Assets							8

Unrestricted		7,354,995		7,824,872		(469,877)	-6.0%
Total Net Position	\$	47,546,309	\$	40,603,931	\$	6,942,378	17.1%

The following table summarized the District's ending net position:

As of June 30, 2023, the largest portion of the Authority's total net position was the net investment in capital assets, which increased by \$1,615,147, mostly because of construction in progress completion that increased leasehold improvements, and structures and improvements by \$1,673,264, net of depreciation totaling \$844,178.

Noncurrent liabilities increased by \$2,422,015 primarily due to an increase in the net pension liability of \$2,459,755.

Net Position, End of Year	\$ 47,546,309	\$ 40,603,931	\$ 6,942,378	17.10%

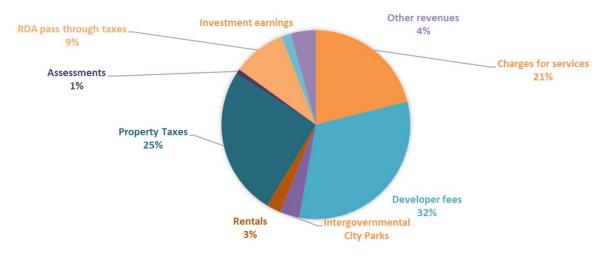

Table 2 below summarizes the District's changes in net position for the year.

The Statement of Revenues, Expenses and Changes in Fund Net Position reflects the District's operating and non-operating revenues and expenses. Total revenues and expenses increased over prior year because of the following:

- Total operating revenues increased by \$4,649,689 (63.77%). This was mainly the result of community park impact fees from the City of Chico reported as developer fees totaling \$2,649,753, and an increase in service fees revenue totaling \$706,100.
- Total nonoperating revenues increased by \$142,424 (2.27%). This was mainly the result of an increase in property tax revenue totaling \$318,566.
- Total operating expenses increased by \$3,237,363 (54.57%). This was mainly the result of an increase in salaries and benefits of \$2,689,949.

Revenues

The following chart summarizes the changes in revenues by category during 2022/23:

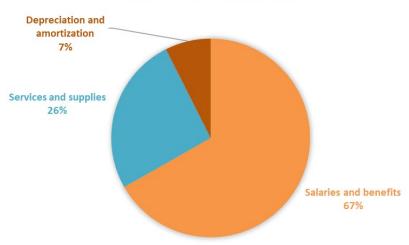

TOTAL REVENUE BY CATEGORY

Significant changes in revenues consisted of the following:

- Charges for Services increased by \$706,100 (21.45%) most of which was related to an increase in activities post of the COVID 19 pandemic.
- Developer fees increased by \$2,649,753 (78.37%) mainly as a result of new community park impact fees from the City of Chico.
- Property taxes increased by \$318,566 (7.06%) from increases in property values.
- RDA pass through taxes increased by \$141,138 (8.86%) because the assessment values for redevelopment properties increased.

Expenses

The following chart summarizes the changes in expenses by function during 2022/23:

TOTAL EXPENSES BY CATEGORY

Significant changes in expenses consisted of the following:

- Salaries and benefits expenses increased by \$2,689,949 (54.57%) mostly because of CalPERS negative rate of return.
- Services and supplies expenses increased by \$558,152 (23.46%) mostly because of increased activities and operations.

A summary of the changes in net position by sub-fund is presented below:

CAPITAL ASSETS

The following table summarizes the District's capital assets at the end of the year:

Table 4 - Capital Assets, Net of Depreciation							
		2023		2022		Dollar Change	% Change
Land	\$	11,634,791	\$	11,634,791	\$	-	0.00%
Construction in progress		782,657		349,579		433,078	123.89%
Leasehold Improvements		1,136,586		249,447		887,139	355.64%
Structures and improvements		14,390,371		14,331,675		58,696	0.41%
Parks and Recreation equipment		204,296		77,844		126,452	162.44%
Vehicles		180,514		70,732		109,782	155.21%
Total Capital Assets, Net	\$	28,329,215	\$	26,714,068	\$	1,615,147	6.05%

Additional detail and information on capital asset activity is described in the note 3 to the financial statements.

LONG-TERM LIABILITIES

The following table summarizes the District's liabilities at the end of the year:

Table 5 - Long-Term Liabilities								
Governmental Activities								
		Dollar 2023 2022 Change % Change						
	2023							
Net Pension Liability	3,116,897		657,142	2,459,755	374.31%			
Compensated Absences	225,688		263,428	(37,740)	-14.33%			
Total Long-Term Liabilities	\$ 3,342,585	\$	920,570	\$ 2,422,015	263.10%			

Additional detail and information on long-term debt activity is described in the note 4 to the financial statements.

ECONOMIC FACTORS AND OUTLOOK

The general economy of Butte County, California has begun to recover from the impacts of COVID-19. The unemployment rate for Butte County was 5.1%, and 4%, respectively, at June 2023 and June 2022. The District has approved a balanced budget for the 2023-2024 year. The District also continues to focus on providing quality recreation programs and well-maintained parks to the Chico community. The costs of these programs are consistently monitored to provide reasonably priced services to the community.

REQUEST FOR FINANCIAL INFORMATION

This financial report is designed to provide the District's customers, investors and other interested parties with an overview of the District's financial operations and financial condition. Should the reader have questions regarding the information included in this report or wish to request additional financial information, please contact the General Manger, Chico Recreation and Park District, 545 Vallombosa Avenue, Chico, CA 95926.

See accompanying notes to basic financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Financial Reporting Entity

The Chico Area Recreation and Park District (the District) is a political subdivision of the state of California and provides recreation services to the residents of the Chico area of Butte county. The District was formed under section 5708-5791 of the Public Resources Code, Article V and is governed by a five-member Board of Directors elected by the voters of the District. A salaried general manager administrates the operation of the District in accordance with policies adopted be the Board of Directors.

Although the nucleus of a financial reporting entity usually is a primary government, an organization other than a primary government, such as a stand-alone government, may serve as the nucleus for its financial reporting entity when the stand-alone government provides separately issued financial statements. A stand-alone government is a legally separate governmental organization that does not have a separately elected governing body and does not meet the definition of a component unit. The District meets the criteria as a stand-alone government, and accordingly, is accounted for and reported on as though it were a primary government.

Component units are defined as legally separate organizations for which the primary government are financially accountable, and other organizations for which the nature and significance of their relationship with a primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The District considered all potential component units in determining what organizations should be included in the financial statements. Since no other entities are controlled by, or rely upon the District, the reporting entity consists solely of the District. Based on these criteria, there are no component units to include in the District's financial statements.

The activities of the District include three recreational facility park sub-funds and a park development sub-fund with the balance accounted for in the general operating fund. However, all funds and sub-funds are reported as one fund in the financial statements with separate sub-fund information reported as supplementary information.

Basis of Presentation

Basic Financial Statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States.

The Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net Position display information about the District. Business-type activities are financed in whole or in part by fees charged to external parties.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as interest income and connection fees, result from non-exchange transactions or ancillary activities.

Measurement Focus and Basis of Accounting

Enterprise funds are accounted for on the flow of economic resources measurement focus utilizing full accrual accounting. With this measurement focus, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the enterprise are recorded on its statement of net position, and under the full accrual basis of accounting, all revenues are recognized when earned and all expenses, including depreciation, are recognized when incurred.

Unearned revenue arises when assets are received before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as deferred inflows from unavailable resources.

The District applies all applicable GASB pronouncements for certain accounting and financial reporting guidance. In December of 2010, GASB issued Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements.* GASB 62 incorporates pronouncements issued on or before November 30, 1989 into GASB authoritative literature. In June of 2015, GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments.* GASB 76 supersedes Statement No. 55, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments.* GASB 76 also amends GASB 62 and AICPA Pronouncements paragraphs 64, 74, and 82. The GAAP hierarchy sets forth what constitutes GAAP for all state and local governmental entities. It establishes the order of priority of pronouncements and other sources of accounting and financial reporting guidance that a governmental entity should apply.

The sources of authoritative GAAP are categorized in descending order of authority as follows:

- a. Officially established accounting principles—Governmental Accounting Standards Board (GASB) Statements (Category A)
- b. GASB Technical Bulletins; GASB Implementation Guides; and literature of the AICPA cleared by the GASB (Category B).

If the accounting treatment for a transaction or other event is not specified by a pronouncement in Category A, a governmental entity should consider whether the accounting treatment is specified by a source in Category B.

Deferred Outflows/Deferred Inflows

In addition to assets, the Statement of Net Position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s), and as such will not be recognized as an outflow of resources (expense/expenditures) until then. The District has recognized a deferred outflow of resources related to the recognition of the net pension liability reported in the Statement of Net Position.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and as such, will not be recognized as an

inflow of resources (revenue) until that time. The District has recognized a deferred inflow of resources related to the recognition of the District's benefit plans liability reported which is in the Statement of Net Position.

Statement of Net Position

Net position is measured on the full accrual basis and is the excess of all the District's assets and deferred outflows of resources over all its liabilities. Net position is classified into the following components:

Net Investment in Capital Assets

This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position, as applicable.

Restricted Net Position

Restricted net position describes the portion of net position which is restricted as to use by the terms and conditions of agreement with outside parties, governmental regulations, laws, or other restrictions which the District cannot unilaterally alter. It is the District's policy to apply restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available. The District has reported restricted net position of \$37,409 for assets held for *Baroni Park*. These funds are restricted for the park maintenance assessment districts administered by the District. The District has reported restricted net position of \$11,372,930 held for *Community Parks*. These funds are development impact fees that are collected by the City of Chico and then transferred to Chico Area Recreation and Park District and used for Community Parks only. The District has also reported restricted net position of \$451,760 for developer fees collected. These funds are collected from park impact fees and used for new park acquisitions and improvements.

Unrestricted Net Position

This component of net position consists of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Statement of Revenues, Expenses, and Changes in Net Position

The statement of revenues, expenses, and changes in net position is the operating statement for proprietary funds. This statement distinguishes between operating and non-operating revenues and expenses and presents a separate subtotal for operating revenues, operating expenses, and operating income. Operating revenues and expenses generally result from providing services in connection with the District's principal ongoing operations. The principal operating revenues of the District are charges for services. Operating expenses for the District include the cost of services and supplies, administrative expenses such as salaries and benefits, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Budgetary Control

The District's fiscal year is the 12-month period beginning July 1. The general budget policy is that the District submit to the Butte County Auditor a board-approved budget estimating revenue and expenditures for the subsequent fiscal year prior to June 30. The final budget is legally enacted by a board resolution on or before August 10 after necessary adjustments, if any, have been made. Withing certain legal restrictions, adjustments to final budget amounts may be made by the Board of Directors during the year to account for unanticipated occurrences.

Cash and investments

Cash includes amounts in demand deposits as well as highly liquid short-term investments. The District's cash and cash equivalents include demand deposits in a financial institution serves as a clearing account into which the District makes daily deposits and then transfers to the County pool on at least a monthly basis.

In accordance with GASB Statement No. 40, *Deposit and Investment Disclosures (Amendment of GASB No.3)*, certain disclosure requirements for Deposits and Investment Risks were made in the areas of interest rate risk and credit risk. The credit risk disclosures include the following components; overall credit risk, custodial credit risk and concentrations of credit risk. In addition, other disclosures are specified including use of certain methods to present deposits and investments, highly sensitive investments, credit quality at year-end and other disclosures.

Investments are recorded at fair value in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. In determining this amount, three valuation techniques are available:

- Market approach This approach uses prices generated for identical or similar assets or liabilities. The most common example is an investment in a public security traded in an active exchange such as the NYSE.
- Cost approach This technique determines the amount required to replace the current asset. This approach may be ideal for valuing donations of capital assets or historical treasures.
- Income approach This approach converts future amounts (such as cash flows) into a current discounted amount.

Each of these valuation techniques requires inputs to calculate a fair value. Observable inputs have been maximized in fair value measures, and unobservable inputs have been minimized.

The District maintains most of its cash in the County as part of a common investment pool. Deposits in the pool are valued using the cost approach and includes accrued interest. Information regarding the amount of dollars invested in derivatives with the County was not available. The pool is subject to regulatory oversight by the Treasury Oversight Committee. The District is considered to be a voluntary participant in the County investment pool.

Cash Equivalents

For purposes of the statement of cash flows, all highly liquid investments with original maturities of three months or less and amounts categorized as "Cash in County Treasury" are considered cash equivalents. Cash and cash equivalents include demand deposits in a financial institution and deposits in the Butte County Treasury (the County).

Receivables and payables

Trade accounts receivable (including unbilled receivables) are carried at their net realizable values.

Capital assets

Capital assets are reported at historical cost, or in the case of donated items, at fair market value on the date donated. The District's capitalization policy includes all items with a unit cost of \$3,000 or more. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets. Useful lives are 10 to 30 years for structures, improvements, and leasehold improvements, and 3 to 5 years for equipment.

Program Advances

Activity fees paid prior to the utilization of the service are recorded as program advances and are effectively unearned revenues.

Long-Term Liabilities

Long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of applicable bond premium and discounts are reported as noncurrent assets along with any insurance payments made during issuance of the bond. Bond issuance costs, other than prepaid insurance, are expensed in the period incurred.

Compensated Absences

The District's policy allows employees to accumulate vacation leave up to the employee's annual vacation accrual and to accumulate all unused sick leave hours. Upon retirement or separation from the District, the employee is entitled to full compensation for unused vacation. Employees with over five years of service credit and sick leave accruals of over 100 hours to up to 260 hours of accrued sick time at the date of separation. The amount due within one year could not be estimated. Costs for compensated absences are accrued when earned by employees. Accumulated unpaid employee benefits are recognized as a liability in the General Fund at the end of the year.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) plan (the Plan) and additions

to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Plan member contributions are recognized in the period in which the contributions are due. Investments are reported at fair value.

GASB Statement No. 68, Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27 (GASB Statement No. 68) requires that the reported results pertain to liability and asset information within certain defined timeframes. Liabilities are based on the results of actuarial calculations performed as of June 30, 2021. For this report, the following timeframes are used for the District's pension plans:

Valuation Date	June 30, 2021
Measurement Date	June 30, 2022
Measurement Period	June 30, 2021 to June 30, 2022

Use of Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Property Taxes

Property Taxes are levied by Butte County on the District's behalf and are intended to support operations and service debt. Secured property taxes attach as an enforceable lien on property as of March 1st. the amount of property tax received is dependent upon the assessed real property valuations as determined by the Butte County Assessor. Property taxes on the secured roll are due in two equal installments on November 1st and February 1st each year and are delinquent if not paid by December 10th and April 10th, of each year, respectively. The District received approximately 45% of its revenue from property taxes. Property tax is recognized when it is available and measurable. The District considers property tax as available if it is received within 60 days after fiscal year end.

Accounting and Reporting Changes

GASB Statement No. 96, Subscription-Based Information Technology Arrangements

GASB 96 provides guidance on accounting for Subscription-Based Information Technology Arrangements (SBITA) where the government contracts for the right to use another party's software. The standards for SBITAs are based on the standards established in GASB Statement No. 87, *Leases. GASB 96 is effective for fiscal years beginning after June 15, 2022.* This statement did not have a material impact on the District's financial statements.

Upcoming New Accounting Pronouncements

GASB Statement No. 100, Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62

This Statement defines *accounting changes* as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. This Statement also prescribes the accounting and financial reporting for (1) each type of accounting change and (2) error corrections in previously issued financial statements.

The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged. Management does not believe this Statement will have a significant impact on the District's financial statements.

GASB Statement No. 101, Compensated Absences

This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Leave is attributable to services already rendered when an employee has performed the services required to earn the leave. Leave that accumulates is carried forward from the reporting period in which it is earned to a future reporting period during which it may be used for time off or otherwise paid or settled. In estimating the leave that is more likely than not to be used or otherwise paid or settled, a government should consider relevant factors such as employment policies related to compensated absences and historical information about the use or payment of compensated absences. However, leave that is more likely than not to be settled through conversion to defined benefit postemployment benefits should not be included in a liability for compensated absences.

This Statement requires that a liability for certain types of compensated absences—including parental leave, military leave, and jury duty leave—not be recognized until the leave commences. This Statement also requires that a liability for specific types of compensated absences not be recognized until the leave is used.

This Statement also establishes guidance for measuring a liability for leave that has not been used, generally using an employee's pay rate as of the date of the financial statements. A liability for leave that has been used but not yet paid or settled should be measured at the amount of the cash payment or noncash settlement to be made. Certain salary-related payments that are directly and incrementally associated with payments for leave also should be included in the measurement of the liabilities.

With respect to financial statements prepared using the current financial resources measurement focus, this Statement requires that expenditures be recognized for the amount that normally would be liquidated with expendable available financial resources. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter.

Management is in the process of evaluating the impact this standard will have on the District's financial statements.

NOTE 2 - CASH AND INVESTMENTS

Summary of Cash and Investments

As of June 30, 2023, the District had the following cash and investments:

Cash and Investments	2023
County Treasury	\$ 12,627,553
Cash in banks	8,189,509
Cash on hand	800
Total Cash and Investments	\$ 20,817,862

Cash Deposits

As of June 30, 2023 the carrying amount of the District's cash in banks was \$8,189,509 and the bank balance of the District's accounts with banks was \$5,304,539, which was \$5,054,539 in excess of Federal Depository Insurance Corporation (FDIC) coverage. FDIC covers up to \$250,000 per bank for each entity. Investments are made by diversified investment managers/brokers whose performance is monitored by management and the Board of Directors. Although the fair values of investments are subject to fluctuation on a year-to-year basis, the District believes that its investment strategies are prudent for the long-term welfare of the organization.

The District's cash and investments are pooled with the County of Butte. The County's cash and investment pool is under the oversight of the County and is not rated. For additional information regarding the pooled cash and investments with respect to the risks identified above, please refer to the County of Butte's Annual Comprehensive Financial Report (ACFR).

Fair Value Measurements

GASB 72 established a hierarchy of inputs to the valuation techniques above. This hierarchy has three levels:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities.
- Level 2 inputs are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are not observable.
- Level 3 inputs are unobservable inputs, such as a property valuation or an appraisal.

Investments in the County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

Collateral and Categorization Requirements

The California Government Code requires California banks and savings and loan associations to secure the District's deposits by pledging government securities as collateral. The market value of pledged securities must equal at least 110% of the District's deposits. California law also allows financial institutions to secure the District's deposits by pledging first trust deed mortgage notes having a value of at least 150% of the District's total deposits.

Investment Policy

The District's investment policy follows the California Government Code which authorizes the District to invest in its own bonds, certain time deposits, obligations of the U.S. Treasury, agencies and instrumentalities, commercial paper, bankers' acceptances with maturities not to exceed 270 days, and medium-term notes issued by corporations operating within the U.S., commercial paper rated P-1 or higher by Moody's or A-1 by Standard & Poor's commercial paper record, repurchase agreements of obligations of the U.S. Government or its agencies for a term of one year or less and the Local Agency Investment Fund.

The funds pooled with the County are invested in accordance with the County's investment policy established pursuant to state law. All monies not required for immediate expenditure are deposited or invested to earn maximum yield consistent with safety and liquidity.

Risk Disclosures

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are described below:

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to the changes in market interest rates. All of the District's cash is held in pooled accounts that mature in one year.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. With respect to investments, custodial credit risk generally applies only to direct investment in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools. The State of California has no additional requirements for custodial credit risk, nor does the District.

Custodial Credit Risk

Custodial credit risk for deposit is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits nor will it be able to recover

collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit).

Concentration of Credit Risk

The District's cash and investment funds are pooled with the County of Butte. The investment policy regarding the amount that can be invested in any one issuer is stipulated by the California Government Code. The District is required to disclose investments that represent a concentration of five percent or more of investments in any one issuer, held by the District in securities of issuers other than U. S. Treasury securities, mutual funds, and external investment pools. At June 30, 2023, there were no investments representing five percent or more from any one issuer.

NOTE 5 - RISK MANAGEMENT

The District is exposed to various risk of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In an effort to manage its risk exposure, The District is a member of the Special District Risk Management Authority ("SDRMA"). A summary of the coverage limits are as follows:

General liability - bodily injury	\$ 10,000,000
General liability - property damage	10,000,000
Public officials' errors and omissions	10,000,000
Personal liability coverage for members of the Board of Directors	500,000
Employment practices liability	10,000,000
Employee benefits liability	10,000,000
Employee dishonesty coverage	1,000,000
Auto liability - bodily injury	10,000,000
Auto liability - property damage	10,000,000
Uninsured motorist - bodily injury	1,000,000
Non-owned auto - property damage	10,000,000
Non-owned auto - bodily injury	10,000,000
Auto physical damage - compensation	100,000
Auto physical damage - collision	100,000
Auto physical damage - high dollar vehicles	1,000,000,000
Property - catastrophic loss	1,000,000,000
Property - boiler and machinery	100,000,000
Property - flood	10,000,000
Property - pollution coverage	2,000,000
Property - cybersecurity coverage	2,000,000
Mobile and contractors equipment	1,000,000,000
Workers' compensation	5,000,000

SDRMA is a risk-pooling self-insurance authority created for the purpose of arranging and administering programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage. As a member of the SDRMA, the District participated in the general liability, auto liability, property, boiler and machinery coverage, and public officials' errors and omissions insurance programs.

The District has a \$500 deductible under general liability, a \$500 deductible for personal liability coverage for members of the Board of Directors, and a \$1,000 deductible under auto liability. There were no accrued losses for insurance claims as of June 30, 2023. There were no settlements that exceeded insurance coverage for fiscal year ended June 30, 2023.

Condensed financial information for SDRMA for the fiscal year ended June 30, 2023 is as follows:

	June 30, 2023
Total Assets and Deferred Outflows	\$ 148,239,191
Total Liabilities and Deferred Inflows	76,717,988
Total Equity	71,521,203
Total Revenues	100,738,904
Total Expenditures	96,560,830

NOTE 6 - EMPLOYEE RETIREMENT BENEFITS

General Information about the Pension Plans

Plan Description - All qualified permanent and probationary employees are eligible to participate in the District's Miscellaneous Employee Pension Plan (the Plan), a cost-sharing multiple employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plan is established by State statute and District resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

Benefits Provided - CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 55 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: The Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for the Plan are applied as specified by the Public Employees' Retirement Law.

The Plans' provisions and benefits in effect at June 30, 2023, are summarized as follows:

	Miscellaneous			
	Tier 1	PEPRA		
Benefit formula	2% @ 55	2%@62		
Benefit vesting schedule	5 Years	5 Years		
Benefit payments	Monthly for Life	Monthly for Life		
Retirement age	55	62		
Monthly benefits as a				
% of eligible compensation	2.00%	2.00%		
Required employee contribution rates	8.00%	7.75%		
Required employer contribution rates	10.87%	7.47%		

Employees Covered - At June 30, 2023, the following employees were covered by the benefit terms for the Plan at the valuation date of June 30, 2022:

	Miscellaneous
Active	62
Transferred	47
Separated	98
Retired	51
Total	258

Contributions - Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plan are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The District's contributions were \$880,928 during the fiscal year.

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2023, the District reported net pension liabilities for its proportionate shares of the net pension liability totaling \$3,116,897.

The District's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2022, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022 using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

The District's proportionate share of the net pension liability for the Plan as of June 30, 2022 and 2023 was as follows:

	Miscellaneous
Proportion - June 30, 2022	0.03461%
Proportion - June 30, 2023	0.06661%
Change - Increase/(Decrease)	0.03200%

For the year ended June 30, 2023, the District recognized pension expense of \$627,989.

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		In	eferred flows of esources
Changes of Assumptions	\$	319,391	\$	-
Differences between Expected and Actual Experience		62,593		41,922
Differences between Projected and Actual Investment Earnings		570,932		-
Differences between Employer's Contributions and Proportionate Share of Contributions		79,555		40,084
Change in Employer's Proportion		532,823		-
Pension Contributions Made Subsequent to Measurement Date		880,928		-
Total	\$	2,446,222	\$	82,006

The District reported \$880,928, as deferred outflows of resources related to contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability during the year ended June 30, 2024.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

	Deferred Outflows/		
Fiscal Year	(I	nflows) of	
Ending June 30:	F	Resources	
2024	\$	477,198	
2025		422,368	
2026		234,520	
2027		349,202	
2028		-	
Thereafter		-	
Total	\$	1,483,288	

Actuarial Assumptions - The total pension liabilities in the June 30, 2021 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2021
Measurement Date	June 30, 2022
Actuarial Cost Method	Entry-Age
	Normal Cost
	Method
Actuarial Assumptions:	
Discount Rate	6.90%
Inflation	2.30%
Payroll Growth	2.80%
Projected Salary Increase	(1)
Investment Rate of Return	6.8% (2)
Mortality	(3)

(1) Varies by entry age and service

(2) Net of pension plan investment expenses, including inflation

(3) Derived using CalPERS' membership data for all funds

Discount Rate - The discount rate used to measure the total pension liability was 6.9 percent for each Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 6.9 percent discount rate is adequate, and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 6.9 percent will be applied to all plans in the Public Employees Retirement Fund (PERF). The cash flows used in the testing were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation.

	Assumed	Long-Term
	Asset	Expected Real
Asset Class (a)	Allocation	Return (1)(2)
Global Equity Cap Weighted	30.00%	4.54%
Global Equity NonCap Weighted	12.00%	3.84%
Private Equity	13.00%	7.28%
Treasury	5.00%	0.27%
Mortgage-backed Securities	5.00%	0.50%
Investment Grade Corporates	10.00%	1.56%
High Yield	5.00%	2.27%
Emerging Market Debt	5.00%	2.48%
Private Debt	5.00%	3.57%
Real Assets	15.00%	3.21%
Leverage	-5.00%	-0.59%
Total	100.00%	

(1) An expected inflation of 2.3% used for this period.

(2) Figures are based on the 2021-22 Asset Liability Study.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount

Rate - The following presents the District's proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	Mi	scellaneous
1% Decrease		5.90%
Net Pension Liability	\$	5,468,090
Current		6.90%
Net Pension Liability	\$	3,116,896
1% Increase		7.90%
Net Pension Liability	\$	1,182,446

Pension Plan Fiduciary Net Position - Detailed information about each pension plan's fiduciary net position is available in the separately issued CalPERS financial reports.

NOTE 7 - SUBSEQUENT EVENTS

Management has evaluated all subsequent events from the statement of financial position date of June 30, 2023, through the date the financial statements were available to be issued, January 24, 2024. No subsequent events occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

OTHER INDEPENDENT AUDITOR'S REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of the Chico Area Recreation and Park District Chico, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Chico Area Recreation and Park District (the "District") as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated January 24, 2024.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Finance Committee STAFF REPORT

DATE:February 22, 2024TO:Board of DirectorsFROM:Annabel GrimmSUBJECT:Neighborhood Parks Levy Administration

BACKGROUND

The Landscaping and Lighting Act of 1972 requires that an annual Engineer's Report is prepared by a licensed professional engineer and establishes other requirements for the continuation of the assessments. This Resolution directs SCI Consulting Group to prepare the Engineer's Report for the Oak Way, Amber Grove/Greenfield, and Baroni Neighborhood Park and Open Space (No. LLD 001-05) Landscape and Lighting Assessment Districts (the 'Districts') as the first step in a three-step process in the levying the annual assessments for fiscal year 2024-25.

Each year, an updated Engineer's Report, including updated budgets, scope of services, current legal justifications, and rate adjustments should be prepared by a California licensed civil engineer. SCI Consulting Group will provide professional assessment engineering and assessment administration services to justify the continued collection of the Districts' assessments. The services provided by SCI will include the preparation of the Engineer's Report and preliminary assessment roll with the specific assessment amount for each parcel. The Engineer's Report will be presented to the Board for preliminary approval in April of this year.

The services provided by SCI Consulting Group includes the tasks required for the year-round administration of the Districts' assessments, including comprehensive property base auditing and levy accuracy confirmation, on a parcel-by-parcel basis, to ensure that the Districts receive the most accurate assessment revenues and directly responding to property owner inquiries on toll free taxpayer assistance line. SCI's services will also include evaluation of the most current legal requirements and developments for benefit assessments, including any court decisions for benefit assessments or Proposition 218, and updates to the assessment justification and engineering findings, if appropriate.

Amber Grove/Greenfield Landscape and Lighting Assessment District The Amber Grove/Greenfield Landscape and Lighting Assessment District was approved by property owners in 1994 to fund the maintenance and operations of the Amber Grove/Greenfield Park.

Oak Way Landscape and Lighting Assessment District

The Oak Way Landscape and Lighting Assessment District was approved by property owners in 1997 to continue to fund the maintenance and operations of Oak Way Park.

Baroni Neighborhood Park and Open Space (No. LLD 001-05) Landscape and Lighting Assessment District

In 2006, property owners approved the Baroni Neighborhood Park and Open Space (No. LLD 001-05) Landscape and Lighting Assessment District to provide funding for the maintenance and operations for the Baroni Neighborhood Park, adjacent open space areas and related trails system within the District.

ANALYSIS

In order to continue to levy the assessments, the Board will need to adopt the resolution to direct SCI Consulting Group, the assessment engineer, to prepare an Engineer's Report for the upcoming fiscal year. This Engineer's Report will include the special and general benefit findings to support the assessments, the updated proposed assessments for each parcel in the Districts, the proposed budget for the assessments, and the proposed assessments per single-family equivalent for fiscal year 2024-25. After the Engineer's Report and assessment roll are completed, they will be brought back to the Board for your review and consideration. If the Board preliminarily approves the Reports, a noticed public hearing will be subsequently held to allow the public to provide input on the proposed budgets, services and assessments, and to allow the Board to make a final decision on the continuation of these important assessments. The preliminary Engineer's Report is scheduled to be presented to the Board in April.

RECOMMENDATION

It is recommended that the Board approves the Resolution that would direct SCI Consulting Group to prepare the Engineer's Report for the Oak Way, Amber Grove/Greenfield, and Baroni Neighborhood Park and Open Space (No. LLD 001-05) Landscape and Lighting Assessment Districts for fiscal year 2024-25.

RESOLUTION 24-004 OF THE BOARD OF DIRECTORS OF THE CHICO AREA RECREATION AND PARK DISTRICT

A RESOLUTION DIRECTING THE PREPARATION OF THE ENGINEER'S REPORTS FOR THE CONTINUATION OF THREE (3) LANDSCAPE AND LIGHTING ASSESSMENT DISTRICTS: OAK WAY, AMBER GROVE/GREENFIELD, AND BARONI NEIGHBORHOOD PARK AND OPEN SPACE (No. LLD 001-05)

- 1. On January 13, 1994, the Board of Directors of the Chico Area Recreation and Park District, acting as the legislative body of the Amber Grove/Greenfield Landscaping and Lighting Assessment District, ordered through Resolution 94-01 the formation of an assessment district pursuant to the provisions of the Landscaping and Lighting Act of 1972, known as the Amber Grove/Greenfield Landscaping and Lighting Assessment District, for the purpose of financing certain park and recreational improvements as specified in the District's Master Plan and for the purpose of funding maintenance operations of those facilities.
- 2. On July 10, 1997, the property owners within the Oak Way Landscaping and Lighting Assessment District approved the continuation of the assessment district for the purpose of financing certain park and recreational improvements and funding maintenance operations of those facilities.
- 3. On June 20, 2006, the City Council of the City of Chico, acting as the legislative body for the Baroni Park and Open Space Landscaping and Lighting District No. LLD 001-05, ordered through Resolution 70-06 the formation of an assessment district pursuant to the provisions of the Landscaping and Lighting Act of 1972, known as the Baroni Park and Open Space Landscaping and Lighting District No. LLD 001-05, for the purpose of funding maintenance operations and recreational improvements as described in the District's Master Plan.
- 4. The purpose of the Oak Way Landscaping and Lighting Assessment District is for the installation, maintenance and servicing of improvements to the Oak Way Park, generally described as the installation, maintenance and servicing of public facilities, including but not limited to, playground equipment, irrigation and sprinkler systems, landscaping, turf, park grounds, park facilities, landscape corridors, trails, ponds, wetlands preserve areas, fencing, piers, signage, benches, tables, and all necessary appurtenances, and labor, materials, supplies, utilities and equipment, as applicable, for property within the Oak Way Landscaping and Lighting Assessment District that is maintained by the Chico Area Recreation and Park District. Installation means the construction of recreational improvements, including, but not limited to land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, playground equipment, recreational facilities and trails. Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of said improvements, including

repair, removal, or replacement of all or part of any improvement; providing for the life, growth, health and beauty of landscaping; and cleaning, sandblasting and painting of walls and other improvements to remove or cover graffiti, and monitoring of wetlands preserve areas. Servicing means the furnishing of electric current or energy for the operation or lighting of any improvements, and water for irrigation of any landscaping or the maintenance of any other improvements.

- 5. The purpose of the Amber Grove/Greenfield Landscaping and Lighting Assessment District is for the installation, maintenance and servicing of improvements to the Amber Grove/Greenfield Park, generally described as the installation, maintenance and servicing of public facilities, including but not limited to, playground equipment, irrigation and sprinkler systems, landscaping, turf, park grounds, park facilities, landscape corridors, trails, ponds, wetlands preserve areas, fencing, piers, signage, benches, tables, and all necessary appurtenances, and labor, materials, supplies, utilities and equipment, as applicable, for property within the Amber Grove/Greenfield Landscaping and Lighting Assessment District that is maintained by the Chico Area Recreation and Park District. Installation means the construction of recreational improvements, including, but not limited to, land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, playground equipment, recreational facilities and trails. Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of said improvements, including repair, removal, or replacement of all or part of any improvement; providing for the life, growth, health and beauty of landscaping; and cleaning, sandblasting and painting of walls and other improvements to remove or cover graffiti, and monitoring of wetlands preserve areas. Servicing means the furnishing of electric current or energy for the operation or lighting of any improvements, and water for irrigation of any landscaping or the maintenance of any other improvements.
- 6. The purpose of the Baroni Park and Open Space Landscaping and Lighting District No. LLD 001-05 is for the installation, maintenance and servicing of improvements to the Baroni Neighborhood Park, adjacent open space areas and related trails system within the District, generally described as the installation, maintenance and servicing of public facilities, including but not limited to, playground equipment, irrigation and sprinkler systems, landscaping, turf, park grounds, park facilities, landscape corridors, trails, ponds, wetlands preserve areas, fencing, piers, signage, benches, tables, and all necessary appurtenances, and labor, materials, supplies, utilities and equipment, as applicable, for property within the Baroni Park and Open Space Landscaping and Lighting District No. LLD 001-05 that is maintained by the Chico Area Recreation and Park District. Installation means the construction of recreational improvements, including, but not limited to, land preparation, such as grading, leveling, cutting and filling, sod, landscaping, irrigation systems, sidewalks, and drainage; lights, playground equipment, play courts, and public restrooms; the maintenance and servicing of both, of any of the foregoing; the acquisition of land for park, recreational, or open-space purposes Maintenance means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of said improvements, including repair, removal, or replacement of all or part of any improvement; providing for the life, growth, health and beauty of landscaping; and cleaning, sandblasting and painting of walls and other improvements to remove or cover graffiti, and monitoring of wetlands preserve areas. Servicing means the furnishing of electric current or energy, gas or

other illuminating agent for the operation or lighting of any improvements, and water for irrigation of any landscaping or the maintenance of any other improvements.

7. SCI Consulting Group is hereby designated as Engineer of Work for purposes of these proceedings and is hereby ordered to prepare an Engineer's Report in accordance with Article 4 of Chapter 1 of the Act and Article XIIID of the California Constitution. Upon completion, the Engineer shall file the Engineer's Report with the Secretary of the Governing Board for submission to the Board.

NOW, THEREFORE BE IT RESOLVED that the Board of Directors of CARD hereby direct the preparation of the Engineer's Report for the continuation of the aforementioned Landscape and Lighting Assessment Districts.

PASSED AND ADOPTED at a Regular Meeting of the Board of Directors of the Chico Area Recreation and Park District on the **22nd** day of **February** 2024 by the following vote:

Ayes: Noes: Abstain: Absent:

ATTEST:

Michael McGinnis, Chair Board of Directors Holli Drobny Clerk of the Board of Directors

Finance Committee STAFF REPORT

DATE:	February 22, 2024
TO:	Board of Directors
FROM:	Annabel Grimm
SUBJECT:	Aquatic Design Scope

BACKGROUND

At the March 2023 meeting, the Board awarded the Aquatic Facility design to Confluence, Inc. with a contract amount of \$1.727M. Through the programming and conceptual design development, elements and amenities were added in response to community input and to achieve financial break-even operations.

The project budget was set at \$20M. With the project being master planned, the estimated project cost has increased to nearly \$30M. The scope increase requires additional engineering, architecture, and, ultimately, more construction drawings.

ANALYSIS

Design fees typically range from 9 - 10% of the entire project. Comparing the fee against the project budget, the percentage drops to below 7%.

	Original	Revised
Design Fee	1,727,000	2,074,624
Project Budget	20,000,000	30,000,000
% of Budget	8.6%	6.9%

RECCOMENDATION

The Committee recommend to the Board of Directors an increase in the design fee budget.

CONFLUENCE

February 14, 2024

Scott Schumann, Director of Parks and Facilities Chico Area Recreation & Park District 545 Vallombrosa Avenue Chico, CA 95926 <u>sschumann@chicorec.com</u>

RE: Aquatic Facility Design Services, Chico, CA, Project #23030 Supplemental Professional Services Agreement #03

Dear Scott:

We are pleased to submit this supplemental professional Services agreement for additional design services services related to the expanded scope of the project as delineated in the Schematic Design package presented to the CARD Board of Directors for the new aquatic facility as provided herein and in accordance with the agreement dated May 10, 2023. Please return one copy of the executed supplemental Services agreement to Confluence.

Section 1: Supplemental Scope of Services

- 1.1 The following project adjustments, when compared to the 2016 preferred conceptual design provided by the Client, warrant additional scope of work for architecture, engineering and project management/coordination:
 - 1.1.1 Aquatics Scope Expansion:
 - 1.1.1.1 50-meter pool (12,620 SF) with a bulkhead and includes competitive swim courses (25y, 25m, and 50m) in two directions and 4 water polo fields of play (5,000 SF expansion).
 - 1.1.1.2 The 50-meter pool includes a diving well which is structurally more complex than a shallow water pool
 - 1.1.1.3 Addition of diving structures and infrastructure to support Flytime slide.
 - 1.1.1.4 Expanded leisure pool in size, cost, complexity (3,500 SF expansion).
 - 1.1.1.5 Leisure pool incorporates a larger, more complex water slide complex than initial concept, requiring additional engineering for more pumps, piping, etc.
 - 1.1.1.6 Lazy river approximately 3-times the size and contains more interactive water features than envisioned in the original concept, requiring additional engineering for more pumps, piping, etc.
 - 1.1.2 Architectural Scope Expansion:
 - 1.1.2.1 Additional architectural and engineering design services proposed include
 - approximately 3,000SF of additional square footage of program area including:
 - Enclosed climbing room with climbing wall
 - Two (2) large indoor party rooms

- Additional restroom/locker room and other support space as required by code to support expanded pool sizes.
- 1.2 Compensation for the Supplemental Scope of Services described in section 1 shall be an additional lump sum of \$297,000.00 billed monthly, based on percent completion of the above services.

	Adjusted Contract Value:	\$2,074,624.00
	<u>Fee Adjustment (SA #3):</u>	\$297,000.00
	Supplemental Agreement #2 (CRC):	\$10,800.00
	Supplemental Agreement #1 (Gallaway):	\$39,824.00
	Original Contract Value:	\$1,727,000.00
1.3	New Contract Value

STAFF REPORT

DATE:February 22, 2024TO:Board of DirectorsFROM:Annabel GrimmSUBJECT:Nature Center ADA Project Award

BACKGROUND

This is year 2 of the District's 5-year plan to address ADA improvement. The annual allocation is \$135,000. The Nature Center's travel path is one of the major improvements for FY 23/24. In accordance with District policy, informal bids were solicited with the following results:

Builder Solutions, Inc.	\$93,477
KelCo Construction, Inc.	\$88,235
JS Construction & Concrete, Inc.	\$80,100
B&M Builders, Inc.	\$77,950
Hyatt Contracting, Inc.	\$72,912
Franklin Construction, Inc.	\$70,250
Mattingly Concrete	\$70,000
R&R Horn	\$54,000
Rock Creek Construction, Inc.	\$42,198

RECCOMENDATION

The Committee recommend to the Board of Director to award Rock Creek Construction, Inc. for Nature Center ADA project: \$42,198 + contingency.
